

DISCLOSURE AND CONSENT FORM for MEDICAL, SURGICAL, AND DIAGNOSTIC PROCEDURES

PATIENT NAME: _____ **DATE OF BIRTH:** _____ **AGE:** _____

This Form has been adopted by the Texas Medical Board in accordance with the requirements of §164.052(c), Texas Occupations Code and is published in 22 Texas Administrative Code §165.6(f). The purpose of this Form is to allow the physician to obtain the required consents for an abortion to be performed on an unemancipated minor. This Form is available for downloading on the Texas Medical Board web site at "www.tmb.state.tx.us".

Part I. Information about Patient Consent Requirements and Parental Consent Requirements.

TO THE PATIENT: As the patient, you have the right to be given information about your health condition, our plans for your care, and the risks and hazards of the planned care. You have the right to provide written consent for the medical procedures agreed to be performed. As your physician, I am required by law to provide this information to you, and to have your consent, or permission, before we can start any medical procedure on you. This is called the "Patient Consent Requirement." Your signature at the bottom of Part IV of this Form is your consent for me to perform the medical procedures that are checked below in Part II.

TO THE PATIENT'S PARENT, LEGAL GUARDIAN, OR MANAGING CONSERVATOR: As the parent, legal guardian, or managing conservator of a child, you have the right to be given information about your child or ward's health condition, our plans for her care, and the risks and hazards of the planned care. You are also required to provide written consent, or permission, for the medical procedures agreed to be performed on your child or ward, unless otherwise stated in law. This called the "Parental Consent Requirement".

A child includes each patient who is under 18 years old, unmarried, and has not had the disabilities of minority removed by court order. In Texas, this is called an "unemancipated minor." I am required by law to have the written consent of either one of the patient's parents, legal guardian, or managing conservator before we can perform an abortion on an unemancipated minor. The Parental Consent Requirement does not apply if the unemancipated minor has a court order waiving the parental consent requirement (a "judicial bypass order")

The Parental Consent Requirement has two parts. The first part requires one of the patient's parents, legal guardian, or managing conservator to initial each page of this Form. Their initials mean that they have had the chance to read this information (or to have it read to them) and to ask questions. The initialing of each page can be done at any time and at any location. The second part requires either one of the patient's parents, legal guardian, or managing conservator to sign the Parental Consent in Part V of this Form. This Form must be signed in front of a person who is a notary public either in the physician's office or clinic, or in front of a notary public at any location. The purposes of these signing requirements are to help make sure that only those persons listed on the Parental Consent in Part V of this Form are the ones who actually sign it.

Part II. Surgical and Medical Procedures.

The surgical and/or medical procedures that are planned to be performed on the patient are the ones that are checked below. As used in this Form, "abortion" means the use of any means to terminate the pregnancy of a female known by the attending physician to be pregnant with the intention that the termination of the pregnancy by those means will, with reasonable likelihood, cause the death of the fetus.

Dilatation and Curettage (D&C) Dilatation and Evacuation (D&E) Manual Vacuum Aspiration
