**Press Conference
Thursday, June 16, 2022
South Side of Capitol at 10:00 am
(side facing Supreme Court)**

**RE: *Joint Statement Concerning Violence Against Pro-Life
Organizations Due to Pending Supreme Court Decision Concerning
Roe v. Wade***

Since the leaking of the draft U.S. Supreme Court decision concerning *Dobbs v. Jackson Women's Health Organization*, pro-life organizations, such as churches, pregnancy care centers and other pro-life advocacy groups have become the victims of violent and disruptive actions across our nation. These actions are being promoted by national organizations that favor *Roe v. Wade*. They are encouraging violent and disruptive actions against various organizations due their pro-life views and opposition to *Roe v. Wade*. Leaders of the major pro-life organizations in the state will address their concerns for the safety of their clients, staff and facilities should the Supreme Court decision repeal *Roe v. Wade*.
