THE MISSION OF LIVE ACTION

Live Action is a human rights nonprofit with the largest digital outreach for the global pro-life movement. We leverage social and traditional media to educate millions of people each day, particularly Millennials and Gen Z, about the greatest human rights abuse of our time: the killing of preborn children and the wounds that abortion inflicts on their families and our society.

Our goal is to reveal the true humanity of the preborn child, and build a culture that values every human life. We do this through viral videos, powerful graphics, investigative reporting, human-interest storytelling, live events, and other forms of media.

Live Action has the largest and most engaged following in the pro-life movement, with more followers on social media than any other pro-life or pro-abortion organization. With over 5.5 million followers and over 1.3 billion lifetime video views, Live Action is helping lead the movement to end our nation's greatest human rights abuse and restore a culture of life.

#LifeAwards2021

WELCOME TO THE 2ND ANNUAL LIFE AWARDS GALA!

Welcome!

I am thrilled to have you here in Orange County for Live Action's second "Life Awards" Gala!

For over a decade, Live Action has been working to educate millions of Americans about the humanity of children in the womb and to expose how the abortion industry exploits women and profits off the lives of the most innocent. In that time, we've seen thousands of hearts and minds changed and preborn lives saved. Tonight, we will honor some of our nation's most outspoken defenders of preborn children.

We are so honored to fight alongside each of you. Your voice, your support, and your work is essential to accomplish Live Action's mission: to transform hearts and minds so that abortion becomes unthinkable and unwanted in our society.

Thank you for responding to the devastating injustice of abortion with love and generosity. Your selflessness and support have saved the lives of babies in their mothers' wombs and families from a lifetime of grief. Tonight we celebrate those lives and yours.

For life,

Lila Rose
Founder and President

2021 LIFE AWARD AWARDEES

EDUARDO VERÁSTEGUI is an actor, producer, businessman, and philanthropist. He is most well known for his work producing and starring in "Bella" which won the "People's Choice Award" at the Toronto International Film Festival, the Grand Prize at the Heartland Film Festival, and the Legacy Award from the Smithsonian Museum. In 2004, Eduardo started the production company Metanoia Films, with the goal of producing films that entertain and make a difference in society. He has starred alongside the likes of Eva Longoria, Andy Garcia, Peter O'Toole, and Kevin James and in 2013, TV producer Mark Burnett invited Eduardo to be executive producer on the Spanish language version of "Son of God" and to be the voice of Jesus. He is also the founder of the nonprofit organization Manto de Guadalupe, dedicated to helping those who lack food, shelter, access to healthcare or education in local communities around the world. Eduardo is currently producing two new films; "Sound of Freedom" which dives into the global issue of human trafficking through the true story of a former CIA agent (scheduled for release in 2022) and "Mary" the historical and biblical chapter of the killing of the innocent during the reign of king Herod.

Ask anyone who knew **KATRINA R. JACKSON** at age 3 and they could tell you one thing – she was going to be a lawyer and fight for people. And that is just what she does as both an attorney and a Senator representing parts of Ouachita, Morehouse, Richland, Tensas, Madison, East Carroll, and Concordia Parishes in the Louisiana Legislature. Katrina was born and raised in Monroe, Louisiana and is the daughter of Mr. and Mrs. Welton and Patricia Holman and Mr. and Mrs. Walter and Linda Jackson.

Armed with her law degree and several years of mentoring from attorney and former State Representative Willie Hunter, Jr., Katrina came to the Louisiana Legislature in 2006 as a Staff Attorney for the House Committee on Labor Industrial Relations and as Executive Director of the Louisiana Legislative Black Caucus. Her exposure to the issues the legislature faced; and the leaders crafting solutions; and fighting for people gave her new insights and opened new doors for her. In 2011 she announced for the 16th State House seat (parts of Ouachita

and Morehouse Parishes) being vacated and won in the first round of voting against 3 other opponents. She was subsequently elected without opposition in 2015 for a second term. In August of 2019 she was elected Senator for District 34 without opposition.

Whether it's protecting working and middle-class families from tax increases that unfairly burden them to fighting for women to receive equal pay for equal work, there's no better friend and advocate in the Capitol than Katrina. She's helped protect our state's agricultural interests, funded roads and bridges back home, ensured that student athletes have access to defibrillators in their schools and protected the uninsured's access to quality affordable healthcare. But children have a special place in her heart, and she is a passionate and outspoken protector of the unborn's right to life and funding for K-12 education in the State Legislature.

DAVID DALEIDEN is a citizen journalist with nearly a decade of experience in conducting investigative research on the abortion industry. In 2013, David started The Center for Medical Progress to pursue sophisticated, deep, and impactful investigative journalism projects pertaining to contemporary bioethical issues.

As Founder and President of CMP, David developed and executed the organization's first long-term project, the 30-month-long "Human Capital" investigation documenting Planned Parenthood's illegal sale of body parts from aborted fetuses. Prior to CMP, David worked as Director of Research for a national new media education and advocacy organization. David is a graduate of Claremont McKenna College with a B.A. in Government, and his writing has been published in The Weekly Standard, The Human Life Review, USA Today, and The Hill. David has appeared on many radio and TV broadcasts including Southern California Public Radio, The Eric Metaxas Show, The Sean Hannity Show, EWTN, CBS, ABC, FOX News Channel's Hannity and The O'Reilly Factor, and CNN's New Day.
